

Roll No: 2

- 1) Newton made three laws about force.
- 2) The first law talks about movement.
- 3) The second law is $F = ma$.
- 4) The third law is action and reaction.

Ans: Current is inversely proportional to the Bold to voltage

$$I = V \times R$$

$$I = 20 \times 10$$

$$I = 200 \text{ A}$$
